

F-947/DIT/SDMC/D-451

Dated – 24th August 2017

Corrigendum-II

Subject:- Queries/reply for Supply, Installation and AMC for 5 years of DLP 70" Video wall LED Screen (6 cubes) in the conference Room of Commissioner, SDMC

This is with reference to the Pre Bid Meeting held on 31.07.2017 at 11:00 AM in IT Department, 24th Floor, Civic Centre regarding above mentioned subject as well as query received through DAK/e-mail. Following are the queries:

1. Tender document is not having provision for providing exemption for EMD and tender fee submission to the NSIC/MSME registered vendor. **(Page 7)**
2. The time frame for carrying out the above, up to commissioning, is within Thirty Calendar days from the date of award of contract, excluding the day when the contract is awarded. All activities including provisioning, supply and installation of equipments have to be completed within this time frame. The Successful bidder will be expected to plan its schedule accordingly so that the time lines are met and avoid levy of penalty. **(Section 4, Clause 1.1 and Page No. 19)**
3. Remaining 20% amount will be divided into 5 equal parts and yearly after obtaining successful working certificate. **(Section 4, Clause 11.1 (b) and Page No. 23)**
4. The Bidder should be in business of supply & erection of Video Wall LED Screen for atleast last 3 Financial years. It should be that " Any Firm having experience in Electronics/LED Video Wall supply/erection business from last 3 Years. It shall attract more bidders. **(Section 17.2, Clause No. 3 and Page No. 9)**
5. Contract Performance Security should be Only 2% of the work value as this is a pure supply & installation work. **(Section 29, Clause 29.1 and page no. 13)**
6. Why Only DLP Projection 70" & 6 Cubes Video Wall Screen has been asked in Tender ?? This can benefit to some particular firm/company, we suggest to put general condition so that everyone can participate in this tender. There are lots of Video wall concepts so the word DLP Rear Projection should be removed **(Section 3, Clause 3.2 and page No. 15)**
7. All technical requirements under this clause indicate favouring some specific company/firms. It should be simply" Requirement of a 70" Full HD Video Wall with all Required Hardware & Software with Annual Maintenance till 5 Years. By doing this SDMC can save a good amount and same services shall be provided. **(Section 3, Clause 3.2 and Page 15)**
