No. 125/DD(VS)/RCP/SDMC/2014

Dated: 28/10/2014

**Sub: Clarifications to the queries raised in Pre-Bid Meeting regarding purchase of Dog Vans.**

**Ref: NIT No. DD(VS)/RCP/SDMC/2014-01, dated 22.09.2014 for purchase of 10 vehicles along with their fabrication work to be used as dog vans.**

In reference to above tender and the pre-bid meeting held on 27.10.2014, clarification sought by the prospective bidders and the clarifications given by the Technical Committee is as under:

| S.No. | Queries raised by the Bidders  | Clarifications given by the Committee   |
|-------|--|---|
| 1.    | One of the participants objected that the last date of sale of tender has been fixed 22.10.14 so no applicant should be allowed to submit their application/bid if it is downloaded after 22.10.14 and the required fee is deposited after 22.10.14. | It was explained that as per NIT document part 'B', sub-point - I, the bidders may also download the document from the official website and submit their bid in the office of Dy. Director (VS)/RCP, SDMC along with the required tender fee and the last date of submission of the bid is 3.11.2014 up to 3.00 PM.   |
| 2.    | A participant wanted to know about dimension of the vehicles i.e. overall length, width and height.  | Length, width and height of the load body area are already mentioned in the document.   |
| 3.    | Mode of payment and provision to make advance payment for purchase of vehicles/chassis of the vehicle on behalf of SDMC.   | The payment will be made after submission of bills of the vehicles and submission of bank guarantee of equal amount which will remain valid for four months as already mentioned in NIT. It was further clarified that there is no provision of advance payment.  |
| 4.    | One of the participants wanted clarification on the type of rear doors and sliding doors on the rear side of vehicle.  | It was clarified that the rear doors of the vehicle have to be independent, as one of them will open in cabin No. 2 and another in Cabin No.3. In between the gap of these two doors, a sliding door is to be provided which will work as partition wall between the cabin No. 2&3. Both the doors and sliding door should have independent locking system. |
| 5.    | One of the participants raised the issue that authorised dealers should not be invited/considered for tenders and suggested that only original manufactures and fabricators should be allowed to participate in the bid.                             | It was clarified that in view of keeping the scope broad and to get more competitive bids, the authorised dealers were also included in the zone of eligibility conditions of the NIT.  |
